Dear Margaret and JAX Woodworkers Club:

What a wonderful way to kick off the holiday season! The toys that we received from your organization will bring joy to many children this Christmas. These toys are a great match for our clients because their English is very limited. Your toys will provide immediate pleasure because there is no need for reading instructions and they do not require the additional and ongoing expense of batteries. The children will love them! These toys will be distributed to all the children we serve in order to ensure that each child will receive at least one gift this holiday season.

Thank you for selecting us as one of the agencies to receive your works of art! For both your individual and group effort we are grateful. We wish to you and yours a wonderful holiday season and a blessed new year.

Sincerely,

Colette L. Rominger
